MOROCCO LAGOONS
The prestigious residential complex of Damac Lagoons is divided into neighbourhoods/communities, each inspired by a different Mediterranean location, bringing together European charm in calm waters and verdant landscapes that convey a constant feeling of holiday combined with a contemporary lifestyle.
Damac Lagoons covers an area of approximately 420 thousand square meters and is located near the Damac Hills residential village.
Its strategic location allows its residents to easily reach Business Bay, Dubai Marina and the international airport in less than 30 minutes by car.
The properties that compose it are luxurious villas and elegant terraced houses, surrounded by tropical atmospheres, crystalline lagoons and white beaches.

The Marocco Lagoons properties combine luxurious modern design with details inspired by the Moroccan architectural tradition, in an oasis of peace and well-being.
Inside this neighborhood we are welcomed by typical atmospheres, attractions, water features and a botanical garden inspired by the famous Jardin Majorelle in Marrakech.

Very suitable for families, this village includes schools, supermarkets, shops, clinics etc. An excellent solution for escaping from the nearby metropolis, carving out a heavenly corner inspired by the best of distant lands.

Construction is expected by 2025.
